

Production and Commercial Firm Perlyna Polissia Ltd is a manufacturing company having many years of experience, own manufacturing, storage and supply facilities, as well as highly professional team.

We are focused on production of the "FitoVitamin" TM high quality organic cold pressed (extra virgin) vegetable oils and extracts.

Company products are known to be popular in Ukraine, China, America, Poland, Spain, Bulgaria, Israel, the United Arab Emirates, etc. This is due to the consistent high quality of the products, its unique composition and vastly wide range.

OUR PARTNERS MAY ALWAYS REAP BENEFITS OF:

- Outstanding quality of the products;
- Competitive price;
- Special offers for wholesale customers;
- Strict adherence with orders;
- Competent and well arranged logistic support;
- Submitting all export documents required;
- Private label product manufacture.

All products comply with the food and dietary supplement safety requirements and continuously monitored and controlled in the accredited State laboratories for standardization and metrology, as well as other leading Ukrainian conformity assessment bodies. The entire product portfolio does provide for disease prevention, health improvement and enhancement of the life style of a man.
