Brightford LTD 

Brightford LTD is an official representative of PE Viktor and K (Kings smak brand) for export commodities. The main emphasis of trade is on sunflower oil (bottled/bulk), sunflower lecithin, sunflower fatty acid oil distillate, sunflower fatty acids, soybean oil, soybean lecithin.

The company has long-term contracts with end-users (plants/factories), which allows to accompany the supply from producer to the consumer. The main sales markets of the company's products are the countries of Asia and the EU. The products are delivered to consumers both in containers and cisterns. We treat our clients as partners.

Our Partners

Private Enterprise "Viktor and K" launched its commercial mayonnaise and sunflower oil production back in 2002. Today, "Viktor and K" is a large and responsible manufacturer and direct supplier of mayonnaise, sunflower oil, ketchup, adjika sauce, mustard, vinegar, tomato paste and sauces, and roasted sunflower seeds. Quality management system carries both HACCP (ISO 22000:2007) and FSSC (22000:2011) certifications, we have established a dedicated in-house QC laboratory and introduced a strict system of production control and monitoring. All feedstock, materials, and products are screened for specification compliance through seven fully accredited laboratories. We use state-of-the-art processing equipment and instrumentation of Ukrainian, German, Dutch, Italian, Turkish, and Asian origin. From right after production and until shipping, all products are kept in heated and properly ventilated indoor warehouses. We care about our quality and clients.
